June 2018

Dear Clients and Friends:

I'm proud to announce that Clark's Laws PC has merged with the law firm of Blodnick, Fazio & Associates PC ("BFA"). The new combined firm, **Blodnick, Fazio & Clark**, will continue to serve our respective client bases and will offer a greater depth of experience to enable us to expand our reach and level of service. The combined firm will have offices in both Garden City and Babylon, New York.

As you know, I represent landlords and active real estate investors, and that will remain my primary focus. However, our practice has grown significantly over the last few years, so this combination will enable us to provide the highest levels of service to our expanding client base.

BFA is a top-rated firm with broad based experience. Their practice focuses on complex litigation matters in both state and federal courts. The addition of the attorneys from BFA to our practice provides an opportunity for us to "deepen our bench" of professionals on hand to serve our clients. As the legal matters we're handling get increasingly complex, this additional talent will enable us to continue to obtain the best possible results for our clients every time.

As a sole practicing attorney for years, and most recently as the principal of a small but growing law firm, I've had to split my time between my legal work for clients and tending operational matters present in any small business. With this merger, I'm looking forward to handing off the operational "business" matters of running a law firm to career administrative professionals, so that I can devote more of my time to doing what I love, which is working closely with my clients.

As I get older, I'm seeing more and more, that the only constant in life is change. It seems that if we do it right, then we can use that change to do more good for more people. For me, I'm truly grateful to my clients, colleagues and adversaries alike for the opportunity to practice my craft every day. With that in mind, I look forward to continuing to give it all my very best, and to have you along for the ride!

*-Jim Clark*
